EGYPTIAN VASCULAR SUMMIT 2020

16th ANNUAL CONFERENCE OF
VASCULAR SOCIETY
OF EGYPT - VSE

ALEXANDRIA VASCULAR
CONFERENCE
AVC MEET 6

It is my Honour to be the president of the 16 th annual meeting of the vascular society of Egypt (VSE) which is held in collaboration with 6 th annual meeting of Alexandria Vascular Conference (AVC).

This event could be considered as an invitation to unify the many valuable activities in Egypt during the last years in different important vascular centres.

The Egyptian vascular Summit 2020 came to colonize a series of annually international meetings which I started since 1998.

These events had gathered the most eminent and experienced specialists in the field of vascular surgery. These events had formed a solid platform in Egypt and the middle east for nowadays vascular surgeons who are leading the researches and development of this important field of medicine.

I'm happy to welcome you all in the great Alexandria. I'm sure the meeting will add to knowledge, experience and management profile of all of us especially the junior trainees.

Raafat Naga

Professor of Vascular Surgery
Chairman of AVC Hospitals
**President of Egyptian Vascular
Summit 2020**

EGYPTIAN VASCULAR SUMMIT 2020

16th ANNUAL CONFERENCE OF
VASCULAR SOCIETY
OF EGYPT - VSE 

ALEXANDRIA VASCULAR
CONFERENCE
AVC MEET 6 

Dear guests and colleagues

On behalf of the Vascular Society of Egypt "VSE", it's my pleasure to welcome all great professors, colleagues, delegates and medical students who came to share with us the Egyptian Vascular Summit 2020.

This year, the 16th VSE conference is held in Great Alexandria in wonderful weather of spring.

The Egyptian Vascular Summit 2020 is organized by Alexandria University in collaboration with Alexandria Vascular Center "AVC" and Brest University, France.

VSE is an independent non-profit scientific and professional membership organization.

VSE is dedicated to the advancement of vascular science, evidence-based practice, education and training and is concerned to raise awareness of population to different vascular diseases.

I hope you will have a wonderful stay in Egypt, enjoy both the scientific and social programs arranged by the organizing committee and company.

Best regards
Best stay in Alexandria

Said Elmallah
Professor of vascular surgery
President of VSE

EGYPTIAN VASCULAR SUMMIT 2020

16th ANNUAL CONFERENCE OF
VASCULAR SOCIETY
OF EGYPT - VSE 

ALEXANDRIA VASCULAR
CONFERENCE
AVC MEET 6 

On behalf of the vascular community in Alexandria both from vascular surgery unit in faculty of medicine as well as the AVC hospitals team, I am delighted and honored to invite all colleagues and members of the vascular society of Egypt to join us in the great gathering and meeting in Radisson Blue Alex, In the 3-days conference from 4 – 6 March 2020.

This conference will feature special educational contents delivered by international professors and masters in their fields together with our Egyptian experts.

During this congress, there will be many workshops and training programs for junior vascular trainees. Moreover, there will be a lot of debates and exchange of experiences about the recent therapies and techniques.

I would like to extend my warm welcome to this exceptional mega event.

Best regards

Mamdouh Kotb
Professor of Vascular Surgery
CEO of AVC Hospitals

EGYPTIAN VASCULAR SUMMIT 2020

16th ANNUAL CONFERENCE OF
VASCULAR SOCIETY
OF EGYPT - VSE 

ALEXANDRIA VASCULAR
CONFERENCE
AVC MEET 6 

Welcome to the Summit 2020

EAVLA (Egypt and Africa Venous & Lymphatic Association) is a newly established ambitious foundation aiming to provide knowledge, education, and training for our physicians and physicians-in-training in the region, who are willing to provide best care for their patients.

EAVLA had the privilege of organizing the Venous Day, in the Vascular Summit of 2020, on behalf of the Vascular Society of Egypt "VSE", and Alexandria Vascular Center "AVC". A lot of effort was made to construct a program that would cover modern developments and controversial aspects in this field. We hope that the program makes an impact on the every-day practice of the attendants, as well as give a glimpse on future developments.

On behalf of EAVLA board and founders, I would like to personally welcome you all to enjoy the program, and welcome you to join EAVLA initiative, whether as an expert for sharing knowledge or as a trainee seeking training opportunity.

Best regards

Rashad Bishara
MS (Chicago), FRCs, RPVI
President of EAVLA

EGYPTIAN VASCULAR SUMMIT 2020

16th ANNUAL CONFERENCE OF

OF EGYPT - VSE 

ALEXANDRIA VASCULAR
CONFERENCE
AVC MEET 6 

Dear Friends and Colleagues,

On behalf of the board members and organizing committee, it is our great pleasure to welcome you to the Egyptian Vascular Summit 2020.

A group of international speakers come together to share their knowledge throughout interactive discussions. We hope this summit will stimulate creative exchanges of ideas among colleagues from different countries beside being personally rewarding for each of the participants.

This year for the sixth time, AVC MEET is organized in collaboration with Brest University Hospital. We are proud of our collaboration with Alexandria Vascular Center, which was consolidated over the years by the welcoming of trainees in France.

I would like to thank Pr Raafat Naga, Pr Wael Shaalan and Dr Ahmad Naga for their untiring dedication which contributed to its success.

We look forward to meeting every year,

Dr Ali Badra,
Professor of Vascular &
Endovascular Surgery
Brest University, France

EGYPTIAN VASCULAR SUMMIT 2020

16th ANNUAL CONFERENCE OF

ALEXANDRIA VASCULAR
CONFERENCE
AVC MEET 6

Dear Colleagues,

It's our pleasure to welcome you in Alexandria at the Egyptian Vascular Summit 2020.

The Egyptian Vascular Summit is a platform for mutual exchange between vascular clinicians from all Egyptian vascular medical schools, and colleagues with basic and advanced research including the newest open and endovascular technologies and modalities.

Do not miss the latest insights into the vascular surgery as our summit provide the latest news and cutting-edge approaches in the management of arterial as well as venous diseases

Sincerely yours.....

Ahmed Osmane
Assistant Professor of
Vascular Surgery
Chief Alexandria Vascular Unit

EGYPTIAN VASCULAR SUMMIT 2020

16th ANNUAL CONFERENCE OF
VASCULAR SOCIETY
OF EGYPT - VSE 

ALEXANDRIA VASCULAR
CONFERENCE
AVC MEET 6 

It will be the first time that I will participate at the "VSE" SUMMIT 2020 and I am really looking forward to meet all Egyptian colleagues in Alexandria and share our experience with the treatment of complex aortic diseases.

We have been treating patients with aortic arch and thoraco-abdominal aortic aneurysms since almost three decades and have moved from %100 open surgery to a high percentage of endovascular treatment with branched and fenestrated techniques. In my centers in Maastricht (the Netherlands) and Aachen (Germany) we perform both open and endovascular procedures and we are proud to belong to the few teaching centers in the world performing the entire spectrum of operations to treat these complex pathologies.

Almost 25 years ago, I had the privilege to found the European Vascular Course "EVC", which is currently the leading vascular training event in Europe. The intensive 3-days course includes invited lectures on arterial, venous and vascular access subjects and offers more than 250 workshops on diagnostics, decision-making, simulation, team training, scientific education, open and endovascular techniques.

It would be my pleasure to welcome doctors from Egypt to the EVC training program and therefore we have offered 40 registrations with a very special low fee for "VSE" trainees. There will also be a prize for the best presentation and the candidate will get the chance to attend "EVC" and spend a week in my hospital to experience our way of working.

Lastly, I invite you all to attend the EVC session @ VSE Summit. Do not miss the chance!

Best regards

Michael Jacobs

Chairman and Professor of Surgery
Department of Vascular Surgery
Executive Director Heart & Vascular Center
Maastricht University Medical Center
President of EVC

EGYPTIAN VASCULAR SUMMIT 2020

16th ANNUAL CONFERENCE OF
VASCULAR SOCIETY
OF EGYPT - VSE

ALEXANDRIA VASCULAR
CONFERENCE
AVC MEET 6

Dear Colleagues,

A warm welcome to all of you attending the Vascular Society of Egypt meeting to be held in the ancient city of Alexandria (4-6 March 2020). The meeting is being held under the auspices of the International Union of Phlebology "IUP" and will have significant venous and lymphatic content. Phlebology as a multi-disciplinary specialty is a rapidly evolving field of medicine attracting a diverse group of specialists including surgeons, interventional radiologists, dermatologists, vascular anomaly specialists, haematologists, lymphologists, vascular physicians, sonographers, coagulation scientists, nurses and others. The multi-disciplinary nature of phlebology makes the field exciting and attractive to young doctors as a career path. Conferences such as this meeting create a forum for exchange of ideas, learning and education and are crucial for dissemination of knowledge.

The IUP has a strong presence in many countries and continents but not in Africa. This meeting and future meetings to be held in this important continent are extremely important to improve the standards of care in the field of phlebology in Africa. We strongly support this meeting and look forward to supporting future initiatives.

The hard - working team of the Egyptian Vascular Summit 2020 have put a lot of effort in organising this meeting and I wish them the very best.

Enjoy Alexandria!
Best regards

Kurosh Parsi
MBBS, MSc, PhD, FACD, FACP
President of IUP

ALEXANDRIA VASCULAR
CONFERENCE
AVC MEET 6

ALEXANDRIA: THE CITY WITH THE (SCIENTIFIC) MEANING

On behalf of the venous-lymphatic World International Network (v-WIN) foundation, presenting the Egyptian Vascular Summit 2020 is not just an extreme honor and pleasure, but also is an act perfectly in line with the same v-WIN foundation vision of scientific advancement, clinical improvement and public health awareness. Even the same venue of such a top quality event is in line with its didactic content. The stunning Alexandria of Egypt: venue for the growth of the Roman, Byzantine, Hellenistic and Muslim culture, one of the Seven Wonders of the Middle Ages. The city with the largest Library of the ancient world is indeed the best place to host such a Summit, placing a scientific program bringing evidence-based light to the most important updates of the vascular world: a chance of professional improvement as attractive as the same Alexandria Lighthouse.

Culture and internationality have always sat next to each other in Alexandria, thanks also to the vivid harbor of the city. This internationality and the related networking is evident in the Faculty of the meeting, with delegates coming literally from all around the world, giving deep sense to the word "summit", not just as top quality professionals reunion, but also as apex of the educational opportunities.

Network is in the same acronym of the v-WIN foundation, constantly looking forward for creating that synergy between different nations expertise and professionalism, with the common aim of scientific and patient care advancement. Also because of this, I profoundly applaud the presence of the first Egypt African Venous & Lymphatic Association (EAVLA) federation meeting inside the Egyptian Vascular Summit: an extremely important opportunity for the countries of these region to gather together and foster teamwork among the related organizations.

The same international teamwork will see the Italian Ministry of Health connecting live from Rome for a joint Georgian / Egyptian / v-WIN session in conjunction with the International Society of Lymphology on the important topic of Lymphatic disorders.

Last but not least, I applaud the organizers for having demonstrated a traditional Egyptian hospitality starting from even before the opening of the meeting, by offering up to 20 grants to valuable international attendees who can apply for free registration and accommodation. Therefore, I invite all of you to be part of this productive and pleasant synergy, to behold in the spectacular Mediterranean coast of Egypt, on March 4 to 6.

Sergio Giansini

MD PhD FACS
University of Ferrara (ITALY)
USUHS University (Bethesda, USA)
v-WIN foundation,
president

Enjoy Alexandria!
Best regards

AVC MEET 6 

As head of the scientific committee, it's my pleasure to welcome you all to the VSE Summit 2020.

After almost a year of preparation, finally it's time to take a deep breath in and celebrate this immense educational event happening in Egypt.

The VSE owes thanks to professor Michael Jacobs, the Netherlands, for his generous collaboration this year. He kindly offered 30 places with reduced registration for the upcoming European Vascular Course at Maastricht. He will also run a conjoined session; EVC @ VSE during this summit, which I invite you all to attend. Lastly he offered a prize for the best E-poster winner to spend one week at Maastricht University Hospital where the candidate will shadow professor Jacobs in his ward and OR.

I look forward to seeing all my professors, colleagues and trainees participating actively in this summit.

AUDIOVISUAL INSTRUCTIONS

Dear Speaker,

You will soon be presenting at EVS 2020 and we want this experience to go as smoothly as possible for you. On the behalf of The Egyptian Vascular Summit 2020, ICOM will manage the audiovisual center and provide you with assistance before, during and after your presentation.

- ⦿ Please make sure that you received your personal program (by e-mail), we also advise that you check the final program available online.
- ⦿ All speakers and case presenters are required to submit their Presentations at the audiovisual center.
- ⦿ Please make sure that you keep a copy of your presentation for backup.

SUBMITTING YOUR PRESENTATION:

- ⦿ All presentations should be entirely in English.
- ⦿ Microsoft PowerPoint and Prezi Plus Presentations are supported.
- ⦿ Please submit your presentation on Flash Memory or CD/DVD.
- ⦿ Please make sure that the presentation contains all media and video files included in your presentation.
- ⦿ It's not allowed to use your personal laptop.
- ⦿ Presentations should be submitted to the audiovisual center at least one hour before the start of your session to be able to prepare it.
- ⦿ Kindly note that "Presenter View" is not supported.
- ⦿ Keynote Presentations will be converted to Microsoft PowerPoint Presentation.

INSIDE THE HALL

- ⦿ Please arrive at the Congress main hall 10 minutes prior to the beginning of your session.
- ⦿ Thank you for abiding by the allocated duration of your presentation.
- ⦿ A computerized countdown timer will be displayed on screen and will automatically close the presentation once the time is finished
